Are you a retired veteran or family member looking to understand your healthcare options in retirement?

Join us for an informative class covering the essentials of health care planning for veterans, including TRICARE, Medicare, and long-term care options.

WHAT YOU'LL LEARN:

TRICARE Overview:

Get a clear understanding of how TRICARE works for retired military personnel. We'll cover eligibility, available plans, and how TRICARE can integrate with other healthcare options to cover your unique needs.

Medicare Essentials:

Learn about Medicare Parts A, B, C, and D, and understand how this program works alongside TRICARE. We'll guide you through enrollment, costs, and coverage options, so you can make informed decisions about your health care.

Planning for Long-Term Care:

Explore your options for long-term care and how they fit into a veteran's health care planning. We'll discuss VA long-term care benefits, private options, and financial strategies to help cover these future expenses.

WHO SHOULD ATTEND?

This class is ideal for retired veterans, their spouses or family members who want a clearer understanding of health care options in retirement.

Take charge of your healthcare choices with confidence and clarity.
